Get to know us!
Meet Tatiana and Tina, multi-talented gurus who provide essential support to our LBCC Extended Learning programs.

My role provides operational support across the team to align short and long-term goals – a dream job for me! Grounding my life are two amazing men (my husband and son), as well as living in the country and gardening. I like a strong cup of black tea and I make the best grilled cheese sandwiches!

Tatiana Wicke
Clerical Specialist

I’m an LBCC graduate and have worked at LBCC for almost 20 years! My husband and I have been married for nearly 30 years, have two fabulous children and our first granddaughter is on her way! I love to read, watch scary movies, and hang out with our two dogs.

How to Zoom - Attending is Easy!

1. If you're worried about using Zoom, don't be. Your instructor will send you a Zoom link and password before the first day of class. All you have to do is "click" on the link and the application will prompt you to make a one-time download. After that, you can join the Zoom meeting by entering the class code and password. Sometimes there is no password required--your instructor will decide that ahead of time.

2. Click on your Zoom link 10-15 minutes before your first class, so you have plenty of time to enter the classroom. Our instructors will show you the most important tools of the Zoom meeting at the start of class. Past Zoomers tell us it helps to have headsets with a microphone so you can hear and be heard more easily.

3. Try to locate yourself in good lighting that will illuminate your face--some people find a ring light helpful. Locate yourself away from pets and distractions. You can attend a Zoom class on any smart phone, but a tablet or computer screen is best for seeing what your teacher shares and general class participation!

Do you like Zoom and want to use it for your own meetings outside of class? Go to this LBCC login page and sign up for a Zoom account and an application download through the college: [linnbenton.zoom.us](http://linnbenton.zoom.us)

For support tutorials about using Zoom, go to our LBCC Zoom Help Center: [https://support.zoom.us/hc/en-us](https://support.zoom.us/hc/en-us)
Instructors: Tell us about yourself!
What makes your class special?

Cynthia McCain - Writing Instructor
I'm not an expert, I just love to write poetry! I’ve been writing for over 10 years, have published in journals and anthologies, and have two chapbooks—all backed by a lot of practice, but based on workshops and classes taught by other writers who love poems. What makes my classes special? The unique people who join in.

Leslie Knight - Health & Wellness Instructor
I have been meditating for 12 years. When I say it has completely changed my life for the better, I’m not exaggerating!

Edwin Wollert - History & Culture Instructor
You really have to love what you do. I've become a self-publisher (for the publishing seminar I do), and have graduate degrees in my other areas of expertise (history, philosophy, English). I’d say remote teaching is great way to communicate, especially during a pandemic, as well as a stress-less way to share ideas and learn new things.

Jack Dryden - Theatre Instructor
I have a Masters in Acting and Directing, and I just love teaching what I know. I've taught in different scenarios before—it is my students and a sense of play that makes each class special.

Monica Whipple - Fitness Instructor
I have taught BBB since 2008, Arthritis Foundation Exercise since 2010 and Tai Chi since 2011. I engage the students in more than just exercise, often with humor! I share aspects of my life with them, and in return, I get committed and engaged students.

YOGA BREATHING WORKSHOP   NEW!
Relieve stress, balance energy, and improve sleep. Yoga breathing is a safe and natural way to quickly affect your autonomic nervous system. Most of us are stuck on autopilot, and we’re getting bounced around by our environment, leaving us feeling wired but tired, imbalanced, and frazzled. Yoga breathing offers many of the same benefits as meditation, but it’s easier to learn, can be practiced anywhere, and the results are very predictable.

SELF-CARE FOR CAREGIVERS USING THE MIND BODY MEDICINE APPROACH  NEW!
Join Dr. Anna Looney, as she specifically addresses needs of caregivers by introducing the Mind Body Medicine perspective. Anyone caring for small children, aging or ill parents, family members with chronic conditions or disabilities knows how hard it is to find time for self-care. Yet caregivers need self-care time to restore energy, release worry and stress, and feel renewed and re-energized. This two-hour workshop presents easy-to-use MBM tools for reducing stress, depression and loneliness. While the content builds on information provided in the foundational MBM workshop (January 25), it is not required. Discover how enjoyable self-care can be!

FOCUSED OR FRAZZELED: STRESS MANAGEMENT  NEW!
How do you handle the impact of the pandemic on your daily routine, family, friends, and work-related relationships? This class will provide attendees with important stress prevention resources, advice, and tools needed to identify and manage stress when going through uncharted waters dealing with the stay home, stay safe situation. We will look at how worry, anxiety, anger, isolation, grief, and situational fears affect our stress levels. New positive, creative, stress management strategies are available to you; come join us.

DIY MEDITATION
Have you ever thought about meditating but weren't sure how to begin? We will explore the nuts and bolts of mediation, stumbling blocks to practicing it, and working with persistent thoughts and difficult emotions. Each class will include a question and answer period and an opportunity to meditate. View a video about this class.

**GUIDED TOUR OF QUICKBOOKS**
Whether you are new to accounting computer programs or you want to learn some new tips and tricks for using QuickBooks, this four-hour course will provide you with a tour of how to navigate QuickBooks, a basic review of accounting terms, and an overview of various functions within the software in a fun environment. This class is slower paced so students new to QuickBooks can become more comfortable with the software. This course is monitored by the instructor and Q&A will be provided via the classroom chat. Students are encouraged to bring questions from their own experiences to class. Students will receive an invitation to join before class begins. Students are strongly encouraged to attend the classroom tour on January 12, at 1 PST/4pm EST. Class will open on January 12, following the classroom tour, and you can join the class until February 11. The class is self-paced and must be completed by March 12. Uses Google Classroom.

**QUICKBOOKS 1**
From creating a new QuickBooks file to running reports, this class will walk you through examples of QuickBooks desktop functionality. This ten-hour course is designed to provide you with the scope of capabilities available in QuickBooks. You will be introduced to basic functions including chart of accounts, bank reconciliations, accounting terminology, customizing & using reports, and more in a fun environment that encourages Q&A. This course is fast-paced so experience navigating software and previous exposure to computer-based accounting is highly recommended. Users new to QuickBooks may need to watch the classroom videos more than once as needed. This course is monitored by the instructor and Q&A will be provided via the classroom chat. Students are encouraged to bring questions from their own experiences to class. Students will receive an invitation to join before class begins. Students are strongly encouraged to attend the classroom tour on January 12, at 1 PST/4pm EST. Class will open on January 12, following the classroom tour, and you can join the class until February 11. The class is self-paced and must be completed by March 12. Uses Google Classroom.

**QUICKBOOKS 2**
The goal of this class is to introduce accounting clerks and bookkeepers to Controller level accounting processes. This twelve-hour course is designed to provide you with advanced QuickBooks desktop and bookkeeping skills. You will be introduced to month end and year end closing processes, locating and fixing errors, comparing how QuickBooks Desktop and QuickBooks Online function and more in a fun environment. Prequalification includes taking QuickBooks 1 and at least 1 year of computer-based accounting experience. Students will receive an invitation to join before class begins. Students are strongly encouraged to attend the classroom tour on January 12, at 1 PST/4pm EST. Class will open on January 12, following the classroom tour, and you can join the class until February 11. The class is self-paced and must be completed by March 12. Uses Google Classroom.
