Welcome

Stacy Mallory opened the meeting.

Revised Course Proposals 5

AG230A Title, descrip, OC - approved

AG230B Title, descrip, OC - approved

AG230C Title, descrip, OC - OC in a small farm setting , fix - approved

ANS215 descrip, OC - (EPD - define it once) - approved

CEM263 title, descrip, OC - SEND BACK for OC revisions, (GPS define) - not approved

New Program & Course Proposals 1 - approved

Nondestructive Test (NDT) and Evaluation - AAS 93 credits

13 new courses

City of Albany will provide economic development funds with the priority for the NDT Program. Seaton McLennan, retired faculty, has helped to develop this new program for us. Lot of new jobs will be available in the future in Albany in this industry. Selmet & ATI are planning on expanding and will need skilled workers.

13 new courses are all program requirements. None with Related Instruction. Capacity will be 16-20 students each year.

MAC Mentor is not required for new courses. The need to review Outcomes revisions only.

NDT150 - move the Pre Req to recommended trigonometry

Program & Courses - Approved

Consent Agenda (outcomes only) 80

CMA201 - (participate isn't an OC)

ANS220 - Possibly change practice for demonstrate

Consent Agenda COGs - Approved

Prerequisite Update

Discussion is still ongoing. Went back to AAC & AACEC. In discussions with Ann about editing the document more. Hope to have a document ready to use in December. If we get some with PreReqs we will send on to Ann at this point to approve.

Miscellaneous

CSI Office will try to get COGs through to the CIC in the Dashboard for review as soon as possible.

New courses are all reviewed by the CIC, so you can look ahead of time for these as soon as they are in the Dashboard.

Next meeting: Friday, December 4, 2015. ***Important meeting - please plan to attend.***
