

Guided Pathways

1/23/2017

| | |
|-----------------------------|---|
| TYPE OF MEETING: | Regularly Scheduled Meeting |
| FACILITATOR/CHAIR: | Ann Buchele |
| COUNCIL COORDINATOR: | Jen Clark |
| Attending: | Ann Buchele, Stacy Mallory, Carrie Randall, Marc Rose, Misty Cannon, Richard Gibbs, Vikki Maurer, Emily Dray, Warren Coffeen, Jayme Frazier, Sally Widenmann, Charles Madriaga, Justene Malosh, Justin Smith, Bruce Clemetsen, Rob Prieue, Virginia Mallory, Gabe Williams, Malinda Shell, Katie Winder, Danny Aynes, Jen Clark, Jenny Strooband, Zakir |

***REMINDER - 2/8 Next Meeting is on a Wednesday (due to Institute 4)! 3:00 here in CC 103**

Agenda:

Agenda Item # 1: Program Maps - update on sub group work

| | | |
|-------------|---|------------------------|
| Information | Presenter: subgroups leads. Map Accuracy - Sally hoping to invite others - looking at 170 maps, compare to catalog requirements are there Misty volunteered Rob, Warren, Jenny, Ann. Jayme, Danny for Degree Runner part, Shawna if she can, Jen can help during Institute 4 - Ann is gone (if Ann is okay with it). Next round of maps, lets add notes of which course meets cultural diversity, etc. Course Demand - Rob. Meta Major Leslie and Danny - Meeting on Friday. Some maps had things like Math 98 as a prerequisite, and some did not have DG for example. Some courses such as BIO 101 were selected a lot - is this because it is the first in a series? | Time Required: 10 Mins |
|-------------|---|------------------------|

Agenda Item # 2: Degreeworks Demonstra

| | | |
|------------|---|------------------------|
| Discussion | Presenters: Carrie and Gabe - "What if" is a tool to see what would happen if you changed your major, etc. The Planner - you can lock plans as the advisor. Degree Works is tentatively set to start on Fall of 2018. We will not be able to see student's courses they are taking at OSU, but OSU can see what students are taking at LBCC | Time Required: 15 Mins |
|------------|---|------------------------|

Agenda Item # 3: Title 3 Grant Ideas

| | | |
|--------|---|-----------------------|
| Action | Presenters: Ann and Bruce - Title 3 - federal grant targeted at student success initiatives - \$2 million over 5 years, we are eligible, there will be an RFP in the next two weeks, with 6 weeks to complete. It is a federal grant which means our institution would need to sustain whatever is chosen, early alert system like starfish, student id scanner (equity goal), training for degree works, move Degreeworks forward faster & get progress bar for Degreeworks, more interactive software - saying "this class will prolong your stay" ex: Georgia State's program, IA 231 table set up was like by student focus group - more classrooms like this | Time Required:10 Mins |
|--------|---|-----------------------|

Agenda Item # 4: Advising Center

| | | |
|------------|--|------------------------|
| Discussion | Presenter: Carrie - Some exciting new strategies and changes with advising - they go well with Guided Pathways. Main goal - every student on campus have assigned advisor by fall 2018. Right now we have 1600 students without an advisor. The way to see if every student has an advisor is to check at the point of registration - if a student registers for class, they will be assigned an advisor, will be assigned an advisor within a day or two. Item of concern - a student has to know what to do with an advisor, only half check email. There is still a capacity issue with not enough advisors. DPP students who are Juniors and Seniors are sometimes here for only one or two courses and might not need to be assigned an advisor. If students are seniors at OSU and are here just to take physics, they may not need an advisor | Time Required: 30 Mins |
|------------|--|------------------------|

Agenda Item # 5: Institute 4 Pre-work

| | | |
|--------|---|------------------------|
| Action | Presenters: Justene and Justin - Institute 4 is next week! Highlights from pre-work - students and faculty like the syllabus. Students saw no examples of help with study skills - so if instructors are offering this, students are not understanding it. Assessment could measure how students teach someone else is how they learn the best. Students wanted more feedback - like daily homework/quizzes because they know they are on track. Read the re-cap from both the student forum and the faculty forum. | Time Required: 30 Mins |
|--------|---|------------------------|

Additional Notes:

[*OSU is one of the 11 land grant schools who is now in the "Creating a Student Centered University on Wednesday February 22 at OSU - reception \(with Q and A\) to follow and location TBA](#)
