### **Homework**

What areas of work should be brought to MERIT?

Which core themes/objectives are you following?

Reports were given on what the various Councils are working on this year.

Progression Council -

Achieving the Dream - They are looking to help students throughout their whole time at LBCC until they transition to the workforce. They are analyzing the current initiatives to see if they should be continued or expanded or made mandatory. [ALP, MTH, DG]

Academic Affairs -

MAC - Have completed revising 100 level courses and Developmental Course outcomes.

Diversity Council - none

Workforce & Economic Vitality Council - Have formed several subgroups working on project such as CTE Program Review, New Program Development, and High School Outreach

### **Future Meetings**

2 Winter 2 Spring

- Councils need to check in with MERIT. One council will give an update of their work at each of the next four meetings.
- Need to tie work they are doing to specific Themes/Goals
- A topic will be discussed at each meeting
- Do you have data to support your initiatives?
  - NWCCU cares about what did we do differently & are our student outcomes different.
  - Use the Report Card to answer questions, where are we, where will we be by summer, how can MERIT help you
- How does this work support the objectives to progression or to get a job?
