

LBCC Student Life & Leadership

Dear Student Leader:

Welcome to Linn-Benton Community College Clubs and Co-Curriculars! Whether you're thinking about starting a new club or have been involved in a long-standing club or co-curricular organization, this manual contains information you'll find valuable.

In addition to finding useful material in this manual, the Student Life and Leadership office is at your service to provide resources or answer questions during the year. We hope you'll take advantage of our collective years of experience as you begin planning a new organization or hosting an event. Remember: you don't need to be the "Lone Ranger." We want you to succeed, to feel good about what you and your group members accomplish, and to pass along your wisdom to the next leaders who will follow in your footsteps. We hope you'll allow us to assist you in that process.

Please take some time to read the club manual. We hope your involvement in a campus club or co-curricular program will be an enjoyable experience, one through which you will grow while making new friends.

Sincerely,

Leslie Hammond
Associate Dean, Liberal Arts, Social Systems, and Human Performance
