

Safety Student Technician

Work Location: ATI Millersburg

Status: Part-Time

The Opportunity

ATI is Building the World's Best Specialty Materials Company™. We focus our advanced specialty materials technology, unsurpassed manufacturing capabilities, and innovative products to serve global end use markets with highly diversified and specialized product offerings. ATI is one of the largest and most diversified high performance specialty materials producers in the world. We have employees world-wide who use innovative technologies to offer growing global markets a wide range of high performance specialty materials solutions.

ATI Millersburg is seeking a Safety Student Professional to join our team. If you are looking for an opportunity to support a growing, world-class manufacturing company with multiple manufacturing operations, then this position is for you!

Primary Responsibilities

Students in this position will gain valuable hands-on experience with Safety compliance in an ever-changing metals industry, working with onsite safety professionals. Some duties of this position include but are not limited to:

- Create new and maintain existing Lock-out/Tag-out/Try-out Procedures in MS Excel and other specific software programs using technical writing skills
- Create new and maintain existing Lock-out equipment identification tags
- Update and Maintain existing Lock-out boards within the plant
- Maintain a high level of customer service
- Have good attention to detail in your work, have the ability to stay on task, and have the ability to maintain confidentiality within the department
- Ability to work in a diverse community
- Other duties as assigned
- This position is approximately 80% performing data entry and related computer work in an office setting, and 20% performing field work within the plant

Qualifications

- Must be a current student seeking a two or four-year degree.
- Must have a 2.0 GPA (overall) and have at least two terms completed on unofficial transcript.
- If selected for a position, participation in the CWE program is a requirement.
- Must pass background/drug screen.
- Must be a US citizen and not hold dual citizenship in another country.

A current resume and unofficial transcript(s) are required to apply to this position. Copy and paste Unofficial Transcripts into a Word or PDF document. Please email both documents electronically to cwe@linnbenton.edu. In the SUBJECT LINE: Please indicate "Applying for CWE Position: Student Laboratory Technician". If applying for more than one position, please indicate all that you would like to be considered for within the email.

Because we are a federal government contractor, we have special restrictions placed on us for hiring foreign nationals into certain key positions within the company. This particular position requires U.S. citizenship.

ATI STRATEGIC PRINCIPLE FIVE

*Attract, develop, challenge, and create opportunities for **TALENTED AND DIVERSE PEOPLE** who share a commitment to our values*

ATI Metals and its subsidiary companies will provide equal employment opportunities to all applicants without regard to applicant's race, color, religion, sex, gender, genetic information, national origin, age, veteran status, disability status, or any other status protected by federal or state law. The company will provide reasonable accommodations to allow an applicant to participate in the hiring process if so requested.
